

METRO Cash & Carry is the leading international self-service wholesale company. Day in, day out, our wholesale stores offer a customer-tailored assortment and innovative concepts. Help shape the future of wholesale and apply to work at METRO Plovdiv as a System Support Specialist.

System Support Specialist

As a member of METRO Bulgaria Shared service desk you will be responsible for:

- First level PC Support (Hardware and Software), mobile devices and scales.
- First level end user support (MS Office and other applications)
- Support for internal METRO Software Suite
- LAN and communications problem solving
- User accounts, printers and shares management

Your profile:

- Willingness to work on shifts
- Basic experience with Microsoft Active Directory, Windows OS, Microsoft Office
- Basic Knowledge in communication and networks – LAN, WAN, Router and Switches. Jira Service desk experience would be an advantage
- English proficiency
- Good organizational skills
- Experience in a similar position and/or relevant product knowledge will be considered as an advantage

We offer you:

- Good prospects for professional and career development in a fast growing multinational company
- Participation in various national and international projects
- Continuous training in a state of the art environment
- Additional health insurance
- 10% discount at our stores
