

III. INTERNATIONAL AGRICULTURAL, BIOLOGICAL & LIFE SCIENCE
CONFERENCE organized by Trakya University in September 1-3, 2021, Edirne, Turkey.
<http://agbiol.org/>

The first AGBIOL conference has been organized in 2018 in Edirne, Turkey by Trakya University, with over 400 participants. Our conference is a premier international science, technology and business forum focusing on Agriculture, Biology and Life Sciences. AGBIOL 2020 Conference was organized online in September 1-3, 2020 in Edirne, Turkey due to Covid 19 conditions with 480 abstracts with 1100 authors from 55 different countries in all parts of the world. Our e-conference was one of the biggest online conferences in recent years in the world with 333 oral, 147 e-poster presentations.

Now, we organize The Organizing Committee of AGBIOL 2021 considers the health, safety, and security of its conference attendees and community as its top priority. Due to an uncertain COVID-19 situation, which results in a very difficult travel restriction for most countries and the fact that there is no definite end in sight, with a careful consideration in all aspects, AGBIOL 2021 will be on-line as digital event, **in lieu of an in-person event and with limited participation in controlled conditions.**

The AGBIOL 2021 conference will be organized by Trakya University, Edirne, Turkey focusing on Agriculture, Biology and Life Sciences topics, on September 1-3, 2021. The event will be held in TU Balkan Congress Center in Edirne, Turkey. The program will include oral talks by invited prominent scientists as well selected topics from the submitted abstracts.

The preferable conference **presentation language is English, but Turkish, French and Russian will be also acceptable.** Same language presentations will be organized in separate virtual or normal sessions.

However, please keep in mind that all the submitted abstracts and full papers must be in English only.

The participants with paid conference fee will be able to access all the virtual presentation talks in each session, as well as to visit the virtual poster hall via preliminary provided participant ID and codes for online participants as well as for normal participants in conference site.

Abstract deadline is July 21st, 2021.

The selected abstracts will be published in the Conference Abstract and Proceedings Book. Participants might send us their full papers, which based on their preferences will be published either in our Conference Abstract and Proceedings Book or in selected International Indexed Scientific Journals.

The best five selected full papers related to food science will be published in SCI indexed Journal; Journal of Food Processing and Preservation. The best three

selected full papers related to soil science and plant nutrients will be published in Scopus indexed Journal; Eurasian Journal of Soil Science.

Our Congress Abstract and Full paper Proceeding Book will be published CAB Abstracts after the congress.

All virtual and normal participants will receive participation certificates and a copy of Conference Abstract and Proceedings Book, which will be send as PDF file via e-mail.
